Presidents Message

Halloween is over and the holiday season is rushing in upon us. It is a time to celebrate with family and friends that we have met throughout the years. I count the members of Empire State Metal Detector Association as my largest group of friends. I really appreciate seeing you at the meetings, hunts and occasionally running into you at the area parks.

Now, even with the cooler weather, the ground isn't frozen and we can still be out there enjoying our hobby. Wearing layers helps as the day warms up you can always shed an outer or under layer. When I am a long distance from my car, I have a small backpack that I wear so I can carry water and snacks and also roll up a vest or jacket and tuck it away when I don't need it anymore. Nowadays, I am getting out a little later in the morning and letting it warm up a bit, but I am still getting out. We have plenty of days left to hunt so get out there!

We have a guest speaker, Todd Yerks, scheduled for our last meeting of the year. Todd spoke to us about six years ago and does a wonderful job. He has a vast array of knowledge that he will share with us and helpful information to make our hunting experiences better. Please join us for this last event of the 2021 year.

From the entire ESMDBA Board, we wish everyone a Happy Thanksgiving!

Bob Francis

ESMDBA President

Minutes: October 2021 Meeting

Treasurer's Report: Balance \$3,793.25 the motion passed to accept the minutes and the treasurer's report.

Old Business:

- The club will be purchasing pizza for the people who mowed the field at Berne Town Park.

New Business:

- 2022 Raffles- We planning to have two different raffles. More details to come.
- A suggestion was made that we switch the night of the meeting from Monday to an alternate day such as Tuesday, Wednesday, or Thursday. A survey was created and sent out to all the club members.

Presentation Topic: Metal Detecting in England
Presentation Given by John Kotwas

England is an ideal place to go metal detecting. They have the friendliest metal detecting laws in Europe. All the finds you discover are reported. You will receive your finds by mail after they go through the reporting process. An export license is granted unless the find is of National importance. If an item is consider treasure or a hoard the British museum will purchase it and the value is split between you and the landowner. John also discussed several different Tour Groups and his experience with each group.

Join us at the Gateway Diner at 899 Central Ave. in Albany NY for our monthly meetings! Don't miss the chance to meet with other club members to exchange advice, show off your finds, and possibly even win one our many raffle prizes.
